

Airport Noise Capacity Seminar September 16, 2003 in Kyev

Introduction

- 👉 **Opening Speech: Balanced mitigation program of aircraft operation from conditions of aircraft noise impact** /D. Kordjanin (Ukraviatrans)
- 👉 **X2 NOISE Work Programme & Objectives:** /D. Collin (Snecma)

Morning Session

Moderator: J. Schumacher (Airbus)

- 👉 **Summary of 1st Airport Noise Capacity** /D. Dimitriu (MMU)
- 👉 **Environmental Capacity Concept** / P.Hullah (Eurocontrol), /D. Dimitriu (MMU)
- 👉 **Progress in Airport Noise Capacity Management** /B. Sharp (Wyle)
- 👉 **Russian Experience in Aircraft Noise Control** /A. Munin (TsAGI)
- 👉 **Influence of Noise Restrictions on Capacity** /E. Peeters (Brussels Airport)
- 👉 **Aircraft Noise Disturbance in Communities around Airports**/K. Hume (MMU)
- 👉 **Vision of Ukrainian Airlines on Aircraft Noise Control** /O. Novikov (Volare)

Afternoon Session

Moderator: M. Vogels (NLR)

- 👉 **Statistical Interpretation of Measured Data at Airports** /C.Sandu (Turbomecanica)
 - 👉 **Tools for Airport Noise Capacity Control** /V. Tokarev & O. Zaporozhets (NUA)
 - 👉 **Study on current and future aircraft noise exposure at and around Community airports** /N. Van Oosten (Anotec)
 - 👉 **Comparison of Transport Modes** /A. Cokasova (U of Zilina)
 - 👉 **Modelling Aircraft Engine Noise in Flight** /S. Ducruix (Transsoft)
 - 👉 **Sophos: Best Practices at European Airports** /A.Celikel (Eurocontrol)
 - 👉 **Monitoring System of Aircraft Noise (New generation)** /A. Chyla (Swantek)
- 👉 **And..... The Picture Gallery**
